

Mr. Yogesh Gadhave

Finance Professional | Wealth Advisor | Capital Markets Educator

Mr. Yogesh Gadhave is an accomplished finance professional with over a decade of experience in financial markets, wealth management, and education. A multi-disciplinary scholar, he has studied Chartered Accountancy, Law (LLB), is UGC NET qualified and has completed Management Studies from IIM – Ahmedabad.

In his earlier professional pursuit, he has worked in the field of Risk Management helping with reporting, advising and managing risk at banks including Reserve Bank of India (R.B.I.), MNC banks and financial institutions on their Derivatives and Forex treasuries. He has worked on several transactions in the Mergers and Acquisitions (M&A) space on valuations, transaction advisory - deal initiation and negotiations front.

He is the Founder of India Trading School (est. 2021), through which he has mentored 15,000+ students in the art and science of Derivatives trading. His ability to simplify complex market concepts and translate them into actionable knowledge has made him a sought-after educator and speaker.

Mr. Gadhave also runs a successful wealth advisory practice and is a SEBI Registered Authorised Person, helping clients across India navigate investments in mutual funds, equities with a structured and disciplined approach.

As an academic contributor, he has served as a visiting faculty at leading institutions and played a critical role in designing and developing curriculum frameworks for new-age financial skills such as Financial Literacy, Derivatives Trading, and Wealth Management.
